Dear Valued Customer;

On behalf of BioExpress we are excited to announce that BioExpress has been acquired by VWR. The excitement stems from our decision to keep BioExpress as a separate and distinct channel to market while utilizing the scale of the new organization to bring even greater value to our customers.

As a valued customer of ours you have come to expect responsive, personalized service from our customer facing teams, including sales and customer service. We fully expect this to continue, and customer care will continue to be our priority. Your BioExpress sales team and internal contacts will remain the same, and the timely delivery of your merchandise will always be our goal.

Additionally, we aim to leverage the new organizations strength to remain a cost effective supplier for you now and in the future.

We foresee no change in servicing you in the future and we are confident that we will continue to deliver the value you expect from BioExpress. Should you have any questions, please reach out to your sales representative, or to me directly, Randy Scott at 801-547-5047. BioExpress is committed to driving customer focus and we look forward to working to improve our service to you.

With Best Regards,
