

# Safety Data Sheet

according to the (US) Hazard Communication Standard (29 CFR 1910.1200)

### **SECTION 1: Identification**

### **Product identifier**

CAS No.:

Tra de name/designation:

Product No.:

Sulfuric a cid 4N
BDH7484
Synonymes:

no data a vailable

Other means of identification:

### Relevant identified uses of the substance or mixture and uses advised against

Recommended Use: For Further Manufacturing Use Only Uses a dvised against: Not for Human or Animal Drug Use

### Details of the supplier of the safety data sheet

### **Supplier**

### **VWR International LLC**

Street 100 Matsonford Road Radnor Corporate Center,

Building One, Suite 200 P. O. Box 6660

Postal code/city Radnor, PA 19087

Telephone +1-800-932-5000 toll-free within US/Canada

+1-610-386-1700

7664-93-9

Telefax: +1-610-728-2103

### **Emergency telephone**

Telephone +1-800-424-9300 (Chemtrec, 24 hrs/day, 7 days/week, USA)

### **Preparation Information**

VWR International - Product Information Compliance

E-mail sds@vwr.com

### SECTION 2: Hazards identification

### 2.1 Classification of the substance or mixture

GHS Classification in accordance with 29 CFR 1910.1200 (OSHA HCS)

Hazard classes and hazard categories	Hazard statements
Skin corrosion, category 1A	H314
Substance or mixture corrosive to metals, category 1	H290

### 2.2 Label elements

Labelling in accordance with 29 CFR 1910.1200 (OSHA HCS)

### **Hazard pictograms**

Signal word: Danger

Hazard statements	
H314	Ca us es seve re skin burns and e ye damage.
H290	May be corrosive to metals.

Precautionary	
statements	
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P301+P330+P331	IF SWALLOWED: rinse mouth. Do NOT induce vomiting.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.
	Continue rinsing.
P308+P310	IF exposed or concerned: Immediately call a POISON CENTER/doctor.

Hazards not otherwise classified (HNOC)

none/none

### **SECTION 3: Composition / information on ingredients**

#### 3.1 Substances

not applicable

#### 3.2 Mixtures

Hazardous ingredients Classification according to the OSHA Hazard Communication Standard 29 CFR 1910.1200

Substance name	Concentration	Product identifier	Hazard classes and hazard categories
Sul furic a cid	15 - 25 %	CAS No.: 7664-93-9	Skin Corr. 1A - H314

### **SECTION 4: First aid measures**

#### 4.1 General information

IF exposed: Immediately call a POISON CENTER/doctor. If unconscious place in recovery position and seek medical advice. Never give a nything by mouth to an unconscious person or a person with cramps. Change contaminated, saturated clothing. Do not leave affected person unattended.

#### After inhalation

Immediately call a POISON CENTER/doctor. Remove casualty to freshair and keep warm and at rest. If breathing is irregular or stopped, administer artificial respiration.

#### In case of skin contact

After contact with skin, wash immediately with plenty of water and soap. Remove contaminated, saturated clothing immediately. Immediate medical treatment required because corrosive injuries that are not treated are hard to cure.

### After eye contact

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids a part and consult an ophthalmologist. Protect uninjured eye. Remove contact lenses, if present and easy to do. Continue rinsing.

### In case of ingestion

Immediately call a POISON CENTER/doctor. Do NOT induce vomiting. Rinse mouth thoroughly with water. Give nothing to eat or drink.

#### 4.2 Most important symptoms/effects, acute and delayed

no data available

#### 4.3 Indication of any immediate medical attention and special treatment needed

no data available

### 4.4 Self-protection of the first aider

First aider: Pay attention to self-protection!

### 4.5 Information to physician

no data available

### **SECTION 5: Firefighting measures**

### 5.1 Extinguishing media

#### Suitable extinguishing media

The product itself does not burn.

Co-ordinate fire-fighting measures to the fire surroundings.

### Extinguishing media which must not be used for safety reasons

no restriction

### 5.2 Specific hazards arising from the chemical

In case offire may be liberated: Sulphur oxides

### 5.3 Advice for firefighters

 ${\tt DO\,NOT\,fight\,fire\,when\,fire\,re\,aches\,explosives.}$ 

Protective equipment and precautions for firefighters

Wear a self-contained breathing apparatus and chemical protective clothing.

#### **Additional information**

Do not allow run-off from fire-fighting to enter drains or water courses.

Do not inhale explosion and combustion gases.

Use water spray/stream to protect personnel and to cool endangered containers.

In case of fire: Eva cuate area.

#### **SECTION 6: Accidental release measures**

### 6.1 Personal precautions, protective equipment and emergency procedures

In case of major fire and large quantities: Remove persons to safety. Wear a self-contained breathing apparatus and chemical protective clothing.

#### 6.2 Environmental precautions

Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains.

### 6.3 Methods and material for containment and cleaning up

Spilled product must never be returned to the original container for recycling. Clean contaminated articles and floor according to the environmental legislation. Soak up inert a bsorbent and dispose as waste requiring special attention.

#### 6.4 Additional information

Clear spills immediately.

### SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Avoid: Inhalation Avoid contact with eyes and skin. Use extractor hood (laboratory). If handled uncovered, a rrangements with local exhaust ventilation have to be used. If local exhaust ventilation is not possible or not sufficient, the entire working area must be ventilated by technical means. Protect from moisture.

#### 7.2 Conditions for safe storage, including any incompatibilities

Recommended storage temperature: 15-25 °C

Keep container tightly closed and in a well-ventilated place.

### 7.3 Specific end use(s)

no data available

### SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

Ingredient (Designation)	Regulatory information	Country	Limit value type (country of origin)	Limit value
Sulfuric a cid	NIOSH	US	LTV	1 mg/m³
Sulfuric a cid	OSHA	US	LTV	1 mg/m³

### 8.2 Engineering controls

#### Appropriate engineering controls

Technical measures and the application of suitable work processes have priority over personal protection equipment. If handle d uncovered, arrangements with local exhaust ventilation have to be used.

#### Personal protection equipment (PPE)

 $We arsuitable\ protective\ clothing.\ When\ handling\ with\ chemical\ substances,\ protective\ clothing\ must\ be\ worn.$ 

#### Eye/face protection

Eye glasses with side protection

#### Skin protection

We are uitable gloves. When handling with chemical substances, protective gloves must be worn. In the case of wanting to use the gloves again, clean them before taking off and air them well. Check leak tightness/impermeability prior to use.

### By short-term hand contact

Suitable material: CR (polychloroprene, chloroprene rubber)

Thickness of the glove material: 0,75 mm

Breakthrough time (maximum wearing time): 120-240 min

### By long-term hand contact

Suitable material: Butyl ca outchouc (butyl rubber)/FKM (fluoro rubber)

Thickness of the glove material: 0,70 mm

Breakthrough time (maximum wearing time): > 480 min

#### Respiratory protection

Respiratory protection necessary at: a erosol or mist formation I f exposure limits are exceeded or irritation is experienced, NIOSH approved respiratory protections hould be worn.

#### Additional information

Wash hands before breaks and after work. Avoid contact with skin and eyes. When using do not eat, drink or smoke. Provide eye shower and label its location conspicuously.

#### Environmental exposure controls

no data available

### **SECTION 9: Physical and chemical properties**

### 9.1 Information on basic physical and chemical properties

(a) Appearance

Physical state: liquid Color: colorless

(b) Odour: no data a vailable (c) Odour threshold: no data a vailable

### Safety relevant basic data

(d) pH:no data a vailable(e) Melting point/freezing point:no data a vailable(f) Initial boiling point and boiling range:no data a vailable(g) Flash point:no data a vailable(h) Eva poration rate:no data a vailable(i) Flammability (solid, gas):not a pplicable

(j) Flammability or explosive limits

Lower explosion limit: no data a vailable
Upper explosion limit: no data a vailable
(k) Va pour pressure: no data a vailable
(l) Va pour density: no data a vailable
(m) Relative density: no data a vailable

(n) Solubility(ies)

Water solubility (g/L):
Soluble (g/L) in Ethanol:
no data a vailable
no data a vailable
(o) Partition coefficient: n-octanol/water:
no data a vailable
(p) Auto-ignition temperature:
no data a vailable
(q) Decomposition temperature:
no data a vailable

(r) Viscosity

Kinematic viscosity: no data a vailable
Dynamic viscosity: no data a vailable
(s) Explosive properties: not a pplicable
(t) Oxidising properties: not a pplicable

#### 9.2 Other information

Bulk density: not a pplicable
Refraction index: no data a vailable
Dissociation constant: no data a vailable
Surface tension: no data a vailable
Henry constant: no data a vailable

### SECTION 10: Stability and reactivity

### 10.1 Reactivity

Corrosive to metals

### 10.2 Chemical stability

The product is chemically stable under standard ambient conditions (room temperature).

### 10.3 Possibility of hazardous reactions

Explosive reaction with:

Alkalimetals

Al kaline earth metal

Alkali(lye)

Violent reaction with:

light metals

Powdered metals

Exothermic reaction with:

Water

Substance, organic

#### 10.4 Conditions to avoid

Humidity

### 10.5 Incompatible materials

Metal

### 10.6 Hazardous decomposition products

no data available

### 10.7 Additional information

no data available

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

### **Acute effects**

Acute oral toxicity:

Sulfuric acid - LD50: > 2140 mg/kg - Rat - (Merck KGaA)

Acute dermal toxicity:

no data available

Acute inhalation toxicity:

Sulfuric acid - LC50: > 0.51 mg/l - Rat - (CHP)

### Irritant and corrosive effects

Primary irritation to the skin:

Causes severe skin burns and eye damage.

*Irritation to eyes:* 

Causes serious eye damage.

Irritation to respiratory tract:

not applicable

### Respiratory or skin sensitization

In case of skin contact: not sensitising After inhalation: not sensitising

#### STOT-single exposure

 $not\,a\,p\,plicable$ 

### STOT-repeated exposure

not a pplicable

### CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)

#### Carcinogenicity

The table below indicates whether each agency has listed any ingredient as a carcinogen.

no data a va ilable	ACGIH	IARC	NTP	OSHA

#### Germ cell mutagenicity

No indications of human germ cell mutagenicity exist.

#### Reproductive toxicity

No indications of human reproductive toxicity exist.

#### Aspiration hazard

not applicable

### Other adverse effects

no data available

### Additional information

no data available

### **SECTION 12: Ecological information**

### 12.1 Ecotoxicity

### Fish toxicity:

no data available

#### Daphnia toxicity:

Sulfuric acid - LC50: 42.5 mg/l (48 h) - Portmann, J.E., and K.W. Wilson 1971. The Toxicity of 140 Substances to the Brown Shrimp and Other Marine Animals. Shellfish Information Leaflet No.22 (2nd Ed.), Ministry of Agric.Fish.Food, Fish.Lab.Burnhamon-Crouch: 12p.

### Algae toxicity:

no data available

#### **Bacteria toxicity:**

no data available

### 12.2 Persistence and degradability

no data available

#### 12.3 Bioaccumulative potential

Partition coefficient: n-octanol/water: no data available

### 12.4 Mobility in soil:

no data available

#### 12.5 Results of PBT/vPvB assessment

no data available

#### 12.6 Other adverse effects

no data available

### **SECTION 13: Disposal considerations**

#### 13.1 Waste treatment methods

#### Appropriate disposal / Product

Dispose a ccording to legislation. Consult the appropriate local waste disposal expert about waste disposal.

Waste code product: no data available

#### Appropriate disposal / Package

Dispose according to legislation. Handle contaminated packages in the same way as the substance itself.

#### Additional information

no data available

### **SECTION 14: Transport information**

### Land transport (DOT)

UN-No.: 2796

Proper Shipping Name: SULPHURIC ACID

Class(es): 8
Classification code: C1
Hazard label(s): 8
Packing group: II
Environmental hazards: No

Marine pollutant: no data a vailable

Special precautions for user:

### Sea transport (IMDG)

UN-No.: 2796

Proper Shipping Name: SULPHURIC ACID

Class(es):

Classification code:

Hazard label(s): 8
Packing group: II
Environmental hazards: No
MARINE POLLUTANT: No

Special precautions for user:

Segregation group: 1
EmS-No. F-A S-B

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

notrelevant

### Air transport (ICAO-TI / IATA-DGR)

UN-No.: 2796

Proper Shipping Name: SULPHURIC ACID

Class(es):

Classification code:

Hazard label(s): 8
Packing group: II

Special precautions for user:

### **SECTION** 15: Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### **SARA 313 Components**

- Sulfuric acid - CAS No.: 7664-93-9

### **Massachusetts Right To Know Components**

- Sulfuric acid - CAS No.: 7664-93-9

### **Pennsylvania Right To Know Components**

- Sulfuric acid - CAS No.: 7664-93-9

### **New Jersey Right To Know Components**

- Sulfuric acid - CAS No.: 7664-93-9

### California Prop. 65 Components

Does not contain listed substances.

### **SECTION 16: Other information**

#### Abbreviations and acronyms

ACGIH - American Conference of Governmental Industrial Hygiensts

DOT - Department of Transportation

IARC - International Agency for Research on Cancer

IATA-DGR - International Air Transport As sociation-Dangerous Goods Regulations

ICAO-TI - International Civil Aviation Organization - Technical Instructions

IMDG - International Maritime Code for Dangerous Goods

LTV - Long Term Value

NIOSH - National Institute for Occupational Safety and Health

NTP - National Toxicology Program

OSHA - Occupational Safety & Health Administration

PBT - Persistent, Bioaccumulative and Toxic

PEL - Permissible Exposure Limit

STV - Short Term Value

SVHC - Substances of Very High Concern

TDG - Transport of Dangerous Goods

TLV - Threshold Limit Value

vPvB - very Persistent, very Bioaccumulative

#### Additional information

Indication of changes: general update

The above information is believed to be correct but does not purport to be all-inclusive and shall be used only as a guidance. The information in this document is based on the present state knowledge and is applicable to the product with regard to appropriate safty precautions. It does not represent any guarantee of the properties of the product. VWR International and his Affiliates shall not be held liable for any damage resulting from handling.
